

INTRODUCING THE

YANGWANG

U8

IN KUWAIT

**BUILT FOR
THE ADVENTURER**

**BUILT FOR
THE URBANITE**

Born from two decades of innovation by BYD, YANGWANG is a next-generation luxury NEV (New Energy Vehicle) brand engineered for those who demand more than performance, they seek transformation.

Rooted in a vision of ultimate safety and cutting-edge innovation, YANGWANG blends power, precision, and intelligent technology into every detail.

Built on the advanced e⁴ Platform and featuring breakthrough systems like DiSus Intelligent Body Control, the revolutionary Blade Battery, and Super Body construction, YANGWANG sets a new global benchmark in luxury mobility.

From the bold all-terrain U8 SUV to the high-performance, YANGWANG redefines what electric vehicles can do, delivering both adrenaline and assurance. Every model is designed to excel across terrains, empower drivers with intelligent control, and offer an unmatched driving experience.

Backed by 100,000+ R&D experts and 30,000+ patents, YANGWANG is more than a car brand, it's a movement for those who lead, innovate, and explore without limits.

The Yangwang U8's e⁴ platform features four independent motors for ultimate control, power, and off-road performance. It offers precise torque vectoring, tank turns, and full system redundancy for safety. The range-extender hybrid setup combines a 2.0 L engine with a 49 kWh battery, delivering about 180 km of electric range. This advanced platform defines the U8 as a luxurious and highly capable SUV.

THE YANGWANG U8 IS AVAILABLE
IN TWO EXTERIOR COLORS

PEARL WHITE 

MIDNIGHT 

- ◆ Square and bold exterior contours with a clean, minimal surface
- ◆ Sleek water-cutting lines with full-bodied wheel arch
- ◆ Distinct dual-layer design with a full black floating roof

Roof-mounted

spare tire cover

**THE FULL AND
RAISED HOOD**

GOLD PLATED

THE TRIPOD - SHAPED HEADLIGHTS,

WITH TRIANGULAR LIGHT - EMITTING DIODES ARRANGED IN A REGULAR PATTERN, CHANGE DYNAMICALLY AND ARE MATCHED WITH THE GRILLE THAT CHANGES IN THE SAME PATTERN, SPREAD ACROSS THE ENTIRE FRONT - FACE POSITION, FORMING A UNIQUE DESIGN LOGO, EXTREMELY TECHNOLOGICAL

DESIGN LANGUAGE:
**THE PORTAL TO
TIME AND SPACE**

INSPIRED BY THE VAST UNIVERSE, EMBODYING A SPIRIT
OF FEARLESS EXPLORATION.

A family-style design language

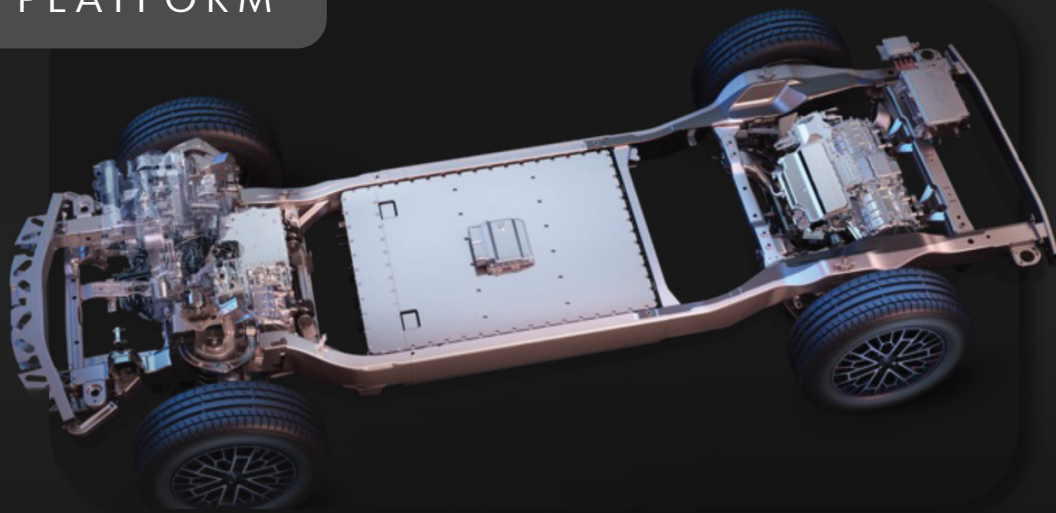

A forward-looking aesthetic

A timeless, classic vision

E4 PLATFORM

REVOLUTIONARY CONTROL & PERFORMANCE

Built on BYD's innovative e⁴ Platform, the Yangwang U8 features four independent electric motors (one per wheel), enabling:

- Precise torque vectoring
- Millisecond-level response
- Superior safety and dynamic handling

The Latest Generation of Silicon - Carbide Electric Control

With higher computing power and control speed, the overall vehicle working condition

High-voltage architecture

Tank Turn

This enables the car to achieve 360-degree steering in one spot.

360°

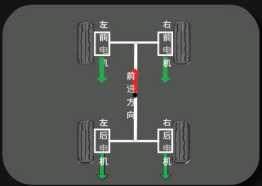

TANK TURN – ULTIMATE PERFORMANCE

The U8's e⁴ platform allows a 360° Tank Turn by applying opposite torque to the left and right wheels. This enables

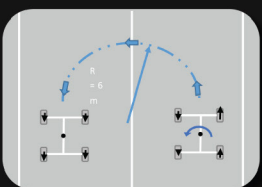

On-the-spot rotation even on varying traction surfaces, delivering exceptional maneuverability in tight or off-road conditions.

A turning radius < 12m, comparable to compact A0-class vehicles

Braking deceleration > 1.0g, stopping distance of 40m at 100 km/hrs

360° on-the-spot steering capability

EMERGENCY FLOATING CAPABILITY

Engineered for extreme conditions, the U8 can float and navigate in water during emergencies – providing unmatched safety.

STEP INSIDE THE U8 AND EXPERIENCE A CABIN CRAFTED FOR MODERN LUXURY AND INTELLIGENT COMFORT

Wrapped in Nappa leather with ambient lighting, advanced technology paired with elegant design, Spacious and refined for every journey.

Bold and futuristic, the YANGWANG U8 stands out with its commanding presence, sharp lines, and powerful stance. Its signature Celestial Gate grille, full-width LED lights, built to impress on every road.

Functional Aerodynamic Styling

Sculpted body lines and aerodynamic elements balance power with efficiency, reducing drag while maintaining a bold, aggressive silhouette.

Signature Celestial Gate Grille

Inspired by cosmic energy, this futuristic front design merges power and elegance, highlighted by full width LED lighting that commands attention.

Luxury Redefined

22" forged aluminum alloy wheels, a wide stance, and high ground clearance are built for performance across rugged terrain and urban landscapes alike.

Intelligent Lighting System

A 360° LED lighting system featuring dynamic turn signals, adaptive headlights, and a rear light bar, enhancing both visibility and design.

01 Driving Performance

- ⊕ **Drive Mode:** Four-wheel independent drive
- ⊕ **Battery Capacity:** BYD Blade Battery (LFP), 49 kWh
- ⊕ **WLTP Combined Range:** 912 km
- ⊕ **WLTP Electric Range:** 112 km
- ⊕ **Charging Options:** AC (11 kW), DC (110 kW)
- ⊕ **Max Torque:** 1360 Nm
- ⊕ **Horsepower:** 1180
- ⊕ **100-0 km/h Acceleration:** 3.6 seconds
- ⊕ **Terrain Mode**
- ⊕ **Mechanical Differential Lock**
- ⊕ **Front and Rear Intelligent Hydraulic Suspension** (Yunan-P System)
- ⊕ **Emergency Floating Capability:** Up to 30 minutes
- ⊕ **Tank Turn Capability**
- ⊕ **Terrain Mode:** Muddy, Sandy, Snowy, Rock pattern, ATS, Mountain

02 Exterior Features

- ⊕ 22" Forged Aluminum Alloy Wheels
- ⊕ Electric Suction Doors
- ⊕ Electric Telescopic Side Steps
- ⊕ Aluminum Alloy Front Hatch Hood Cover
- ⊕ Rear Fog Lights
- ⊕ LED Daytime Running Lights
- ⊕ UV-Proof Glass
- ⊕ Gold-Plated Logo
- ⊕ LED Rear Combination Lights

03 Interior Features

- ⊕ Auto Parking Assist (APA)
- ⊕ Side Distance Warning (SDW)
- ⊕ Electric Power Brake System
- ⊕ Hydraulic Brake Assist (HBA)
- ⊕ Traction Control System (TCS)
- ⊕ Hill Start Control System (HHC)
- ⊕ Intelligent Cruise Control (ICC)
- ⊕ Adaptive Cruise Control (ACC)
- ⊕ Blind Spot Detection (BSD)
- ⊕ Curve Speed Warning (CSW)
- ⊕ Emergency Lane Keeping Assist (ELKA)
- ⊕ Lane Departure Warning (LDW)
- ⊕ Maneuver Emergency Brake (MEB) Collision Warning

04 Safety Features

- ⊕ 23.6" Full LCD Dashboard
- ⊕ 12.8" Center Touchscreen
- ⊕ Front & Second-Row 50 kW Phone Charger
- ⊕ Front & Second-Row Ventilated Seats
- ⊕ Front & Second-Row Massage Seats
- ⊕ In-Built Refrigerator & Heater
- ⊕ Active Fragrance System
- ⊕ Multi-Colored Gradient Ambient Lights
- ⊕ 22 Dynaudio Speakers
- ⊕ Heated Steering Wheel
- ⊕ Front & Second-Row Dual 50 kW Phone Charger
- ⊕ Leather Interior

YANGWANG U8

It is more than a luxury SUV, it's a bold expression of innovation, power, and purpose.

Engineered with cutting-edge technology and designed for those who demand more, the U8 blends intelligent performance with uncompromising comfort.

Whether conquering rough terrain or cruising through the city, the U8 delivers an experience that is truly beyond the expected.
